**Just Enough Carrots (MathStart 1): Murphy, Stuart J** ...  
Just Enough Carrots follows a mom and son as they shop through the market place. The son is very observant of what is in the other shoppers carts and compares how much each person has in their cart compared to what he has in his cart. This can be used as a great tool in the math classroom to help teach students inequalities.

**Just Enough Carrots by Stuart J. Murphy - Goodreads**  
Frank Remkiewicz illustrated the MathStart Books Rabbit's Pajama Party and Just Enough Carrots. He lives in Sarasota, FL. In His Own Words... "I was the kind of kid who was always reading or drawing. Since I was drawing well before I started school, I always considered art to have seniority over the likes of long division and medieval history.

Just Enough Carrots. Young rabbit can't understand why Mom is buying so many bags of peanuts and cans of worms at the grocery store when everybody knows carrots are a whole lot tastier. Horse, he notices, has more carrots in his cart, while Elephant has fewer, though Bird has the same amount. H'mmmm.... Could Mom be planning a party? To formulate addition and subtraction equations involves being able to identify "more," "fewer" and "the same."
