by Mazda. Produced across five generations from 1961 to 2006, the model line began life primarily as a commercial vehicle, slotted above a kei truck in size. Through its production, Mazda used engine displacement to determine model designations; a B1500 was fitted with a 1.5 L engine and a B2600, a 2.6 L engine.

Mazda B series - Wikipedia

Built Engines. We typically stock OEM shortblocks and heads. If doing a built head or block there will be a core charge assessed until your core is returned. If your core is sent in advance, no core charge applies. If you prefer to purchase a core outright we're happy to oblige and use only factory new OEM Mazda cores.
