Weather, National Geographic Super Reader : Level 1 by ...

The average weather in a specific

Acces PDF National Geographic Readers Weather

region, as well as its variations and extremes over many years, is called climate. For example, the city of Las Vegas in the U.S. state of Nevada is generally dry and hot. Honolulu, the capital of the U.S. state of Hawaii, is also hot, but much more humid and rainy. Climate changes, just like weather.
