### **The End Of The Suburbs**

In The End of the Suburbs journalist Leigh Gallagher traces the rise and fall of American suburbia from the stately railroad suburbs that sprung up outside American cities in the 19th and early 20th centuries to current-day sprawling exurbs where residents spend as much as four hours each day commuting. Along the way she shows why suburbia was unsustainable from the start and explores

### **The End of the Suburbs: Where the American Dream Is Moving ...**

Fortune editor Leigh Gallagher's new book, *The End of the Suburbs: Where the American Dream Is Moving*, documents a shift in demand away from traditional suburban housing — big lots, car dependent, farther and farther from the city where most of the breadwinners in a given region work — and toward urban housing.

### **The End of the Suburbs**

About *The End of the Suburbs*. "The government in the past created one American Dream at the expense of almost all others: the dream of a house, a lawn, a picket fence, two children, and a car. But there is no single American Dream anymore.". For nearly 70 years, the suburbs were as American as apple pie.

### **The End of the Suburbs**

The author of 'The End of the Suburbs' has cautionary advice for older residents of bedroom communities.

## **Is America seeing 'The End of The Suburbs'?**

For many young people the suburbs are what you end up trying to escape. The suburbs are missing something; the only thing on offer is the bland, the same, the quiet, and the sleepy. At best the suburbs in this case can be thought of as an uncomfortable launching pad, or a spur motivating escape plans.
